

APPENDIX C

OTHER PERSON A

Representation in respect of Premises Licence Application

Applicant: Tesco Stores Limited

Premises: Tesco Express, 562 Rotherhithe Street, SE16 5EX

Applicant Reference: 887640

Status of the Representor

I am a resident of the building in which the proposed premises are located, and I live in close proximity to the entrance and surrounding public areas. As such, I am directly affected by the operation of the premises, particularly during late-night hours. My representation is based on first-hand knowledge of the character of the area, its residential nature, and the existing use of nearby public spaces during the evening.

Existing Evening Use of the Park

The nearby park already attracts groups of people during the evening and late-night hours, particularly in warmer months. While this use is not inherently problematic, it does generate background noise and congregation. The availability of alcohol for off-sales until 00:00 would, in my view, materially exacerbate this situation by encouraging longer stays, increased alcohol consumption and louder behaviour, thereby increasing noise and disturbance to nearby residents.

Cumulative Effects in the Immediate Locality

While I understand that the premises may not be located within a designated cumulative impact area, the Licensing Authority is nonetheless entitled to consider whether the grant of late-night alcohol sales would add to existing

evening activity and give rise to cumulative noise and disturbance in a predominantly residential setting. In this regard, I note that a neighbouring hotel has recently been converted into a hostel, which has already increased late-evening footfall in the area. The addition of a late-night off-licence selling alcohol until 00:00 would, in my view, compound these effects and increase the risk of disturbance and anti-social behaviour, contrary to the licensing objectives.

Licensing Objectives Engaged

This representation is made under the Licensing Act 2003 and relates to the following licensing objectives:

- Prevention of crime and disorder
- Prevention of public nuisance
- Public safety

Summary of Representation

I object to the application insofar as it seeks permission for late-night opening until 00:00 daily, including Sundays, together with the sale of alcohol during those hours. The proposed hours materially increase the risk of alcohol-related disorder, anti-social behaviour and nuisance in an area that is predominantly residential and in close proximity to a public park.

1. Prevention of Crime and Disorder

The premises are located immediately adjacent to, and in practical terms serve, a public open space / park, which is already a natural congregation point in the evenings. Granting alcohol sales until midnight would create a last available point of alcohol purchase in the immediate vicinity, increasing the likelihood of:

- Late-night gatherings migrating to the park or surrounding residential areas;

- Alcohol consumption in public spaces following purchase;
- Noise, disorder, and low-level criminality (including littering, vandalism and intimidation of residents).

Experience in comparable London boroughs demonstrates that off-sales of alcohol late at night are strongly correlated with street drinking and anti-social behaviour, particularly where nearby outdoor spaces are available and licensed premises have closed.

The concern is not hypothetical: the park's proximity means that alcohol purchased at the premises can be consumed almost immediately outside, beyond the effective control of store staff or CCTV coverage.

2. Prevention of Public Nuisance

Late-night alcohol sales until 00:00 are likely to cause ongoing disturbance to residents living directly above and adjacent to the premises, including:

- Raised voices, shouting and loitering immediately outside the building;
- Noise from groups dispersing late at night;
- Increased littering (bottles, cans) in the park and communal areas;
- Door-slamming, delivery activity, and customer turnover late at night.

These impacts are intensified by the residential nature of the building itself, where residents cannot reasonably be expected to tolerate alcohol-related activity at street level until midnight, seven days a week.

3. Public Safety

Late-night alcohol availability in proximity to a park raises public safety concerns, including:

- Increased risk of intoxication in unlit or poorly supervised areas;
- Conflict between intoxicated individuals and other park users or residents;
- Reduced perception of safety for residents returning home late in the evening.

These risks are exacerbated by the fact that Tesco is a high-volume retailer, capable of serving a large number of customers in a short period of time, particularly immediately prior to closing.

4. Requested Mitigation / Modification

If the Licensing Authority is minded to grant the application, I respectfully request that it be modified to reduce the identified risks, for example by:

- Restricting alcohol sales to an earlier terminal hour (e.g. 22:00 or 23:00);
- Prohibiting alcohol sales on Sundays beyond standard hours;
- Imposing conditions specifically addressing loitering, dispersal and monitoring of the adjacent park area;
- Requiring enhanced staff presence and supervision during evening hours.

Conclusion

This representation does not oppose the operation of a retail store per se, but objects to the extent of the late-night alcohol permissions sought, which are disproportionate in a residential setting and pose a genuine risk to the licensing objectives.

I therefore request that the Licensing Authority either refuse the late-night alcohol element of the application or grant the licence subject to the conditions outlined above.

Subject: Applications for Premises Licences and Reviews Details for Licence Number: 887640

Dear sir
I am writing in regard to

Applications for Premises Licences and Reviews Details for Licence Number: 887640

I am resident [REDACTED]

I noticed in the application that
Premises (New premises licence application for Late night refreshment indoors [2300-0000](#) Mon-Sun ; Supply of alcohol OFF the premises [0600- 0000](#) Mon-Sun ; Opening hours [0600-0000](#) Mon-Sun)

I welcome the application of the Tesco Express. However, I would like to raise objection to the opening hour between 2300-0000 including supply of alcohol OFF the premise.

I kindly request the opening hour is restricted to 2300, similar to opening hours of other premises such as CoOp Food on 346 Rotherhithe St.

The objection on the opening hour till 0000 is based on prevention of public nuisance, such that to avoid this premise becomes the last place to purchase alcohol in the area

•
Thank you

Yours sincerely

[REDACTED]

Subject: Making an objection representation against 887640

- full name: [REDACTED]
- address : [REDACTED]
- Email: [REDACTED]
- the date: 17/12/2025
- the application I am opposed to: 887640
- the reasons for opposition: the opening hours shouldn't go beyond 11pm. This is a residential area and property is surrounded by homes. Any establishment opening after 11pm which is already late will bring unwanted noise and chaos in the area. Down the road there's a coop which also closes at 11pm so having this Tesco close after 11pm will make the area attract noise makers and people with nothing to do but hang around the area attracting more unwanted behaviour. Also not far from the premises is a big Tesco which if needed by residents can be used. There's therefore no need for this Tesco to even operate beyond 8pm

Regards

[REDACTED]
