Subject: Licensing Objection for Shrimp and Wings (LN: 887651)

Dear Southwark Council Licensing Team,

My name is [REDACTED], I live at [REDACTED]

I am writing this on the 29th of December to object the following licence:

887651
Shrimp and Wings
127a, Queens Road, SE15 2ND

I have several concerns around the licensing, business hours and business activity, which are shared by other residents:

- The hours that the business owners are allowed to host a number of events and the sound they will produce.
- If there was the option to continue in this manor from 7am - midnight, it would cause untold disruption to our family home life.
- Prior to officially opening we have experienced excessive levels of noise that is completely unacceptable.
- There is no sound proofing or sufficient attempt to sound proof and/or little regard for the surrounding existing neighbours.
- Significant structural changes have been made to the posterior of the building, which includes loud, large external vents that extend into the residents premises. This is extremely disappointing that it was permitted with seemingly no consideration for the residents.
- This is different to any other business in the surrounding area, and I struggle to understand the need for the sale of alcohol at 7am. Secondly this surely could only lead to a spike in antisocial behaviour - something the local area surely does not need.

There does not appear to have been any consideration for residents living directly above and adjacent to the business. Please may you confirm receipt of the objection and advise on next steps.

Best regards,

[REDACTED]

Subject: Licensing objection for Shrimp and Wings

Hello,

My name is [REDACTED] and I live at

[REDACTED]

I am writing this letter on the 22nd of December to object the following licence:

887651
Shrimp and Wings
127, Queens Road, SE15 2ND

My primary concern is the hours that the business owners are allowed to host a number of events and the sound they will produce. I live with my partner and [REDACTED] and even before opening we have experienced levels of noise that is completely unacceptable. This leads me to believe that either there is no sound proofing in place and/or little regard for the surrounding existing neighbours.

If there was the option to continue in this manor from 7am - midnight, it would cause untold disruption to our family home life.

And that is what has been proposed.

This is different to any other business in the surrounding area, and I struggle to understand the need for the sale of alcohol at 7am. Secondly this surely could only lead to a spike in antisocial behaviour - something the local area surely does not need.

Best regards,

[REDACTED]

Subject: Licensing

Dear Licensing Team,

I am writing to object to the premises licence application for Shrimp and Wings Ltd, 127 Queens Road, SE15 2ND due to the likely impact on residents living directly above the premises.

The application seeks alcohol sales until 12:00am every day, which is later than nearby venues (such as the bar next door closing at 11:00pm Sunday–Thursday) and would cause increased late-night noise and disturbance.

It also proposes alcohol sales and entertainment from 7:00am, which is inappropriate for a premises located directly under residential homes and would disrupt early-morning rest.

These hours are excessive for a mixed residential area and are likely to result in public nuisance. I therefore ask that the application be refused or the hours significantly reduced.

Kind regards,

[REDACTED]

Subject: 127 Queens Road: Shrimp and Wings Representation (887651)

Dear Sir/Madam,

I am opposed to the shrimp and wings application (8875651). The hours of the application make no sense given this was presented during planning as a restaurant.

A bar is next door to the property, and a restaurant bar is next to that. I am concerned about the potential public nuisance given the early and late requested hours. Three flats are above the property including [REDACTED] so the early and late live music application will also be a public nuisance. The midweek opening hours are also too late. I also have concerns that the restaurant will effectively operate as a fast food takeaway, which I raised during planning. It is principally a fried chicken wing restaurant, within close proximity to schools. Southwark guidance is opposed to fast food takeaways operating in close proximity to schools, such as this location. The road is already served by fried chicken in numerous locations, Morleys is very close.

[REDACTED]

Kind regards,

[REDACTED]

Subject: Re: Premises Licence application

I am writing for a 3rd time as I have not received confirmation of my objection to the premises application by

Shrimp and Wings
Application number: 887651
127 Queens road
Se15 2nd.

My name is [REDACTED] and I live at [REDACTED]

I have previously emailed on 4th December and 21st December.

Best,

[REDACTED]

I am writing to oppose the application made by 'Shrimp and Wings, 127 Queens Road, SE15 2ND'.

The business was recently granted permission to operate as a restaurant with an extraction/ventilation system installed.

Shrimp and Wings has applied for a licence to sell alcohol and provide entertainment from 7am to midnight, 7 days a week. This is far from the neighbourhood restaurant they initially proposed.

I live [REDACTED] the premises with [REDACTED], and I am extremely concerned about the impact that such long licensing hours would have on our home environment, safety, and wellbeing.

Extended opening times, particularly from early morning until late at night are likely to increase noise, foot traffic, and general disturbance. This would significantly affect our ability to maintain a peaceful home, especially at night when [REDACTED] are sleeping. We have previously been disturbed by a DJ and live music at the venue, playing music at an unacceptable volume, waking my [REDACTED] and making the floors of my flat shake.

I am also worried about the potential for antisocial behaviour, loud conversations outside the premises, and disturbances linked to late night alcohol consumption. Given our proximity, even moderate increases in noise are amplified and have an immediate impact on our daily life. We have already been met with hostility by customers of the restaurant when asked to keep the noise down.

I believe the proposal is unacceptable for the residential setting and ask that the council refuse the application.

Thank you for considering my objection. I am happy to provide further information if necessary.

Regards,

[REDACTED]
