

Cabinet

Title: Report by the Social Housing Improvement Task and Finish Group

Paper No. 26-8

Date: 26th January 2026

Cabinet Member for: Housing

Details of Executive Director: Paul Chadwick, Executive Director of Resident Services

1. **Executive Summary**

A Task and Finish Group was established in response to the C3 grading by the Regulator of Social Housing following their inspection in late 2024 and the publication of their findings in February 2025.

This report provides the details of the Social Housing Improvement Task and Finish Group's work, noting the terms of reference and scope of the review, a summary of the Group's meetings, the key matters that have been considered, and the findings, comments and recommendations of the Group.

The report and its recommendations are due to be considered by the Housing Overview and Scrutiny Committee at their meeting on 21st January 2026 and, subject to their approval of the recommendations, are submitted to Cabinet for consideration.

2. **Recommendation/s:**

- 2.1. Subject to approval at the Housing Overview and Scrutiny Committee, Cabinet is asked to receive the Task and Finish Group's report (Appendix 1) and consider the following recommendations:

- (1) There be consideration of additional resource being established to assist with analysing data gathered during stock condition surveys. It is considered that having a clear picture and analysis of the stock condition data will enable senior leaders and members to prioritise investment based on resident safety and impact.
- (2) Improve the resident repair journey by reducing appointment windows and including a digital / online tracking element so that residents can track the raising of their repair order, view their appointment slot, track lateness and reschedule their appointment online if necessary as well as provide feedback on the service immediately after.
- (3) Co-design the repairs and maintenance contract specifications with residents and communicate with tenants how tenants' voice has influenced service design.
- (4) Use resident provided feedback and data in robust monitoring of repairs and maintenance contracts.
- (5) The Borough Residents' Forum constitution and future meeting dates should therefore be revised and updated to reflect the change in the Council's governance.
- (6) Tenant and leaseholder representation be included in the governance arrangements monitoring performance and delivery of improvements to the Council's managed housing stock.
- (7) Commission specialist external consultants on the engagement strategy, to include both the formal engagement structures including Residents Associations, and informal engagement processes, with a view to concluding their review by June 2026.

3. **Details**

- 3.1. The final report of the Task and Finish Group, attached as the appendix to this cover report, provides the details of the Social Housing Improvement Task and Finish Group's work, noting the terms of reference and scope of the review, a summary of the Group's meetings, the key matters that have been considered, and the findings, comments and recommendations of the Group.

4. **Financial Implications**

4.1. To be completed with the response to the report and recommendations from Cabinet.

5. **Legal Implications**

5.1. Not applicable

6. **Equalities Implications**

6.1. To be completed with the response to the report and recommendations from Cabinet.

7. **Supporting the Wandsworth Environment and Sustainability Strategy (WESS)**

7.1. Not applicable

8. **Conclusion**

8.1. The report and recommendations from the Task and Finish Group, if endorsed by the Housing OSC, are submitted to Cabinet for consideration and to provide a response.
